

**SECTION 1 Product & Supplier Identification**

<b>Product Name</b>	Budget Fineliner
<b>Other Names</b>	None
<b>Product Code</b>	PN117, PN121
<b>Barcode Number</b>	
<b>Recommended Use</b>	Writing instrument.
<b>Restrictions on Use</b>	None known
<b>Company</b>	Zart Art
<b>ABN</b>	24 621 120 321
<b>Address</b>	48 Overseas Drive, Noble Park North, VIC, Australia 3153
<b>Telephone</b>	+61 3 9890 1867
<b>Supplier Code</b>	
<b>Emergency Phone Number</b>	Australia – 13 11 26 (Poisons Information Centre)

**SECTION 2 Hazards Identification**

**Classification of the hazardous chemical**

Hazardous Chemical, non-dangerous good according to SWA and the ADG code.

<b>Physical hazards</b>	Not classified	
<b>Health hazards</b>	Serious eye damage / irritation	Category 2
	Carcinogenicity	Category 2
	Specific Target Organ Toxicity (Single Exposure)	Category 3
	Acute Toxicity (Oral)	Category 5
<b>Environmental hazards</b>	Not classified	

**Label elements, including precautionary statements**

**Hazard symbols**

Health hazard Exclamation mark

**Signal word**

**WARNING**

**Hazard Statements**

H319	Causes serious eye damage.
H351	Suspected of causing cancer if swallowed.
H335	May cause respiratory irritation.
H336	May cause drowsiness or dizziness.

**Precautionary statements**

**Prevention**

P201	Obtain special instructions before use.
P202	Do not handle until all safety precautions have been read and understood.
P281	Use personal protective equipment as required.
P280	Wear eye, hand and face protection.
P264	Wash hands thoroughly after handling.
P261	Avoid breathing vapours.
P271	Use only outdoors or in a well-ventilated area.

**Response**

P305+P351+P338	IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
P3337+P313	If eye irritation persists: Get medical advice / attention.
P308+P313	IF EXPOSED OR CONCERNED: Get medical advice / attention.
P304+P340	IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing.
P312	Call a POISON CENTRE or doctor / physician if you feel unwell.

**Storage**

P403+P233	Store in well ventilated place. Keep container tightly closed.
P405	Store locked up.

**Disposal**

P501	Dispose of contents/container in accordance with local regulations.

## Safety Data Sheet

### SECTION 3

### Ingredient Composition / Information

<u>Chemical Entity</u>	<u>CAS No.</u>	<u>Proportion (to 100%)</u>
Basic Blue 7	2390-60-5	<3%
Ethylene glycol	107-21-1	20 – 40%
Non-hazardous components		to 100%

### SECTION 4

### First Aid Measures

**General Information** You should call The Poisons Information Centre if you feel that you may have been poisoned or irritated by this product. Call 13 11 26 from anywhere in Australia (0800 764 766 in New Zealand) and is available at all times. Have this SDS with you when you call.

#### Description of necessary first aid measures

- Eye** Immediately rinse with plenty of gently, running water for atleast 15 minutes, with eyes open wide as much as possible. Seek urgent medical attention.
- Skin** Immediately wash contaminated skin with running water for atleast 30 minutes. Remove any contaminated clothing while under the safety shower. If any symptoms arise and/or persist seek medical attention.
- Swallowed** Immediately rinse mouth with water. Repeat until contaminant is thoroughly removed. Give water to drink. Do not induce vomiting as this may risk further damage. If vomiting occurs give water to help dilution. Seek medical attention.
- Inhalation** Remove affected person to a fresh air or well ventilated area. Seek medical attention if symptoms persist.

#### Personal protection for first aid responders

Ensure that medical personnel are aware of the material(s) involved and take precautions to protect themselves.

#### Symptoms caused by exposure

Direct contact with eyes may cause stinging / burning, tearing, redness and blurred vision.  
Direct contact with skin may cause burning, redness and general irritation.

#### Medical attention and special treatment

Provide general supportive measures and treat symptomatically. Keep under observation as symptoms may be delayed. If not already done seek medical attention.

### SECTION 5

### Fire Fighting Measures

#### Extinguishing equipment

- Suitable** Water, fog, foam, dry chemical powder, carbon dioxide. When choosing extinguishing equipment be aware of any potential hazard(s), example electrical.
- Unsuitable** Anything that could spread the fire and or risk the safety of surrounding personnel.

#### Specific hazards arising from the chemical

No specific information available.

#### Specific protective equipment and precautions for fire fighters

Self-contained breathing apparatus (SCBA) and full protective clothing (PPE) must be worn in case of fire.

**Hazchem Code** Not available

**General fire hazards** Product contains a highly flammable liquid.

---

**SECTION 6****Accidental Release Measures**

---

**Personal precautions, protective equipment and emergency procedures****For non-emergency personnel**

Individual items, wear appropriate protective equipment, clean up any with Absorbent material and dispose of item and clean up materials in accordance with local regulations. Bulk quantities keep unnecessary personnel away, isolate hazard area and prevent entry. If safe to do so stop leak. Wear appropriate protective equipment during clean up. Contain spill to prevent contamination to drains / water ways. Environmental Protection Authority and Local authorities should be contacted if spill cannot be contained. Collect and seal in clearly and properly labelled containers for disposal in accordance with local regulations. Heed advice under Section 8 "Personal Protection".

**For emergency responders**

Bulk quantities keep unnecessary personnel away, isolate hazard area and prevent entry. Wear appropriate protective equipment during clean up. Contain spill to prevent contamination to drains / water ways. Heed advice under Section 8 "Personal Protection".

**Environmental precautions**

Avoid discharge to drains, water ways or onto the ground.

**Methods and materials for containment and clean up**

Large spills – Stop flow of material and contain spill, if safe to do so. Absorb spill in sand, vermiculite, dry earth or other inert absorbent material. Collect and seal in clearly and properly labelled containers for disposal in accordance with local regulations. Small spills – Wipe / clean up with absorbent material, for example a cloth and dispose of in accordance with local regulations.

---

**SECTION 7****Handling & Storage**

---

**Precautions for safe handling**

Avoid contact with eyes, skin and clothing. Use in a well-ventilated area. Wear appropriate personal protective equipment. Observe good industrial hygiene practices.

**Conditions for safe storage, including any incompatibilities**

Store in a cool, sheltered location away sources of ignition. Keep containers tightly closed when not in use. Store in clearly labelled containers.

---

**SECTION 8****Exposure Controls / Personal Protection**

---

**Occupational exposure limits**

No OEL's noted for this product. However, for individual components,  
Ethylene glycol(vapour)                      107-21-1                      20ppm (TWA) 40ppm (STEL)

These Workplace Exposure Standards are guides to be used in the control of occupational health hazards. All atmospheric contamination should be kept to a minimum.

**Biological limit values**

No biological exposure values noted for this product.

**Appropriate engineering controls**

Use in a well-ventilated area. Provide an eyewash station and safety shower.

**Individual protection measures, for example personal protective equipment (PPE)****Eye protection**

Wear safety goggles and face shield.

**Skin protection**

Wear impervious gloves and appropriate non-porous protective clothing. Do not wear short sleeve tops or short pants where unprotected skin is exposed.

**Hygiene measures** Use and maintain good industrial hygiene. Always wash hands after use. Routinely maintain safety equipment. Do not eat, smoke or drink when handling this product.

---

**SECTION 9****Physical & Chemical Properties**

---

<b>Appearance</b>	Various colours.
<b>Odour</b>	Characteristic.
<b>Odour threshold</b>	Not available
<b>pH</b>	Not available
<b>Melt point / freeze point</b>	Not available
<b>Boiling point</b>	Not available
<b>Flash point</b>	Not available
<b>Evaporation rate</b>	Not available
<b>Flammability</b>	Not available
<b>Upper/lower flammability limits</b>	Not available
<b>Vapour Pressure</b>	Not available
<b>Vapour Density</b>	Not available
<b>Relative density</b>	Not available
<b>Solubility in water</b>	Soluble
<b>Auto-ignition temperature</b>	Not available
<b>Decomposition temperature</b>	Not available
<b>Specific Gravity</b>	Not available

---

**SECTION 10****Stability & Reactivity**

---

<b>Reactivity</b>	This product is considered non-reactive under normal conditions of use, storage and transport.
<b>Chemical stability</b>	This product is considered stable under normal conditions of use, storage and transport.
<b>Possibility of hazardous reactions</b>	No hazardous reaction known under normal use.
<b>Conditions to avoid</b>	Ignition sources and heat.
<b>Incompatible materials</b>	Strong acids, bases and oxidizing agents.
<b>Hazardous decomposition</b>	If in fire product may give rise to the release of obnoxious fumes including oxides of carbon.

---

**SECTION 11****Toxicological Information**

---

**Information on possible routes of exposure**

<b>Skin contact</b>	May cause skin irritation
<b>Eye contact</b>	Severe eye irritation. Serious eye damage
<b>Ingestion</b>	May cause mucous membrane and gastrointestinal irritation. May be harmful if swallowed
<b>Inhalation</b>	May cause respiratory irritation.

**Symptoms related to exposure**

Direct contact with eyes may cause blindness.  
Direct contact with skin may cause burning, redness and general irritation.

**Acute** No information available for this product

**Serious eye damage / irritation**  
Causes serious eye irritation and damage.

**Skin corrosion / irritation**  
May cause skin irritation.

**Germ cell mutagenicity**  
No data available.

# Budget Fineliner

## Safety Data Sheet

**Carcinogenicity** No data available for this product.

**Reproductive toxicity**  
No data available..

**Specific Target Organ Toxicity (STOT) – repeated exposure**  
No data available for this product.

**Aspiration hazard** No data available.

### Additional Information

This product does NOT contain egg, dairy, soy, seafood, shellfish, wheat or peanut products, or derivatives.

---

## SECTION 12 Ecological Information

---

**Ecotoxicity** No specific data is available for this product. However, do not release this product or any water contaminated with this product into drains, soils or waterways. Sufficient measures should be taken to retain the water used in extinguishing any fires involving this product. Dispose of contaminant in accordance with local landfill or incineration regulations.

**Persistence and degradability**  
No specific data available.

**Bio accumulative potential**  
No specific data available.

**Mobility in soil** No specific data available.

---

## SECTION 13 Disposal Considerations

---

**Disposal methods** Dispose of this product and any water contaminated with this product in accordance with local regulations.

**Contaminated packaging**  
The container in which the product is/was contained should also be disposed of in accordance with local regulations.

---

## SECTION 14 Transport Information

---

**ADG** Not regulated as dangerous goods.  
**IATA** Not regulated as dangerous goods for IATA  
**IMDG** Not regulated as dangerous goods.

**Special Precautions** No special precautions or requirements for transport

---

## SECTION 15 Regulatory Information

---

### Safety, health and environmental regulations

This Safety Data Sheet was prepared in accordance with Safe Work Australia's Code of Practice for the Preparation of Safety Data Sheets for Hazardous Chemicals.

**Standard for the Uniform Scheduling of Medicines and Poisons (SUSMP)**  
Not allocated

**AICS** All components are listed in the Australian Inventory of Chemical Substances.

# Budget Fineliner

## Safety Data Sheet

---

**SECTION 16****Other Information**

---

**Reason for Revision**      Review and update information in accordance with GHS requirements.

**TWA**      The TWA (Time Weighted Average) exposure value is the average airborne concentration of a particular substance when calculated over a normal 8 hour working day for a 5 day working week. The term "peak" is used when the TWA limit, because of the rapid action of the substance, should never be exceeded even briefly.

**STEL**      The STEL (Short Term Exposure Limit) is an exposure value that may be equalled (but should not be exceeded) for no longer than 15 minutes and should not be repeated more than 4 times per day. There should be at least 60 minutes between successive exposures at the STEL.

**ADG**      Australian Dangerous Goods Code

**AICS**      Australia Inventory of Chemical Substances

**IMDG**      International Maritime Dangerous Goods Code
